

## 3<sup>rd</sup> Floor

**Scientific committee :** Chartouh Mohamed, Ifri Moamhed Amine, Khaloui Yacine, Boudjella Lotfi, Bouab Haroune, Boucena Hamza

**Session 11-12-2025**

**P1. study on drug allergies reported by hospitalized patients.**

Lakehal Z

**P2. The Respiratory Microbiome and Immune Crosstalk: A New Frontier in Allergic and Chronic Airway Diseases.**

Touari I

**P3. Precision Medicine in Pneumology and Allergology: Toward an Immunological Classification of Respiratory Diseases.**

Touari I

**P4. Profiles of Sensitization to Respiratory Allergens in a Population from Western Algeria.**

Benaissa Y

**P5. Recurrent ischemic strokes revealing an anaphylactic reaction to eggs: a case report.**

Esselma A. O

**P6. Unraveling the Trigger: Understanding Food-Dependent Exercise-Induced Anaphylaxis-Clinical Features and Pathophysiological Insights.**

Benelhadj-djelloul K

**P7. A polyallergy between food and breathing: When wheat calls the shots!**

Belghazi M

**P8. Evolving Profile of IgE-Dependent Polysensitization in a Child with Major Hyper-IgE: The ALEX<sup>2</sup> Molecular Approach for Accurate Diagnosis and Follow-Up of Sensitizations.**

Chebouba I

**P9. Epidemiological and Immunoserological Study of immune mediation digestive enteropathies in children: Allergy or Hypersensitivity.**

Elmehadji

**P10. Clinical and Immunological Features of Shrimp-Allergic Tunisian Patients Sensitized to House Dust Mites: Beyond Tropomyosin.**

Kerir D

**P11. Birch Allergy in Tunisia: Rare or Underestimated?**

Kerir D

**P12. The significance of PR10 proteins in exercise-induced wheat anaphylaxis.**

Kerir D

**P13. Perioperative Anaphylactoid Reactions: About Five Cases.**

Abbou Y

## 3<sup>rd</sup> Floor

**P14. Interest of Allergologic Prick Tests in Perioperative Reactions: A Series of 9 Cases.**

Abbou Y

**P15. Allergic rhinitis in asthmatics: a high prevalence not to be overlooked.**

Chibout N

**P16. Relevance of Molecular Recombinant Analysis in Cat Allergy.**

Ben sghaier I

**P17. Analysis of Molecular Allergenic Sensitization Profiles Involved in Anaphylaxis.**

Gharbi K

**P18. Evaluation of serum vitamin D levels in Algerian patients with allergic diseases.**

Yahaitene M

**P19. Plant-Derived Allergens : Sources, Mechanisms, and Clinical Implications**

Tabti M

**P20. Molecular Sensitization Profile to Cow's Milk Proteins in an Algerian Pediatric Population.**

Bradai N

**P21. Sensitization profile and diagnostic potential of Der p23, « a major allergen of house dust mites », in a series of 30 sensitized patients from eastern Algeria**

Gharbi M

**P22. Literature Review on Plant-Origin Allergies: Types, Health Impact, Recent Advances and Perspectives.**

Metchim K

**P23. Correlation between Vitamin D Deficiency and Allergic Sensitization**

Maroua S

**P24. Labial Edema: Thinking Beyond Allergy**

Maane A

**P25. Cannabis allergy**

Charef I

**P26. Severe Sesame Allergy in a Polysensitized Infant: Value of Molecular Diagnosis of Ses i 1**

Dorboz R

**P27. Passive Smoking in Children: A Risk Factor for Respiratory Allergies and Asthma**

Cherchar I

**P28. The airborne pollen of Oran's region (Northwest Algeria) (Es-Senia airport)**

Kiared ould-amara G

## 3<sup>rd</sup> Floor

### P29. Allergic Bronchopulmonary Aspergillosis (ABPA): A Case Report

Zeghlache R

### P30. Allergic rhinitis and asthma: clinical Profiles and sensitization patterns to aeroallergens in the Annaba Region

Chebouba I

### P31. Impact of obesity on the concavity of the volume flow curve of asthmatic patients.

Belghitri A

### P32. Eosinophil as a Link Between Allergic Inflammation and Chronic Respiratory Diseases: From Asthma to COPD.

Touari I

### P33. The link between FEV1, FVC, and upper respiratory allergy in asthmatic patients.

Belghitri A

### P34. Impact of upper respiratory allergy on the severity of bronchial asthma.

Belghitri A

### P35. Hospital Mortality from Respiratory Diseases at the EHU of Oran: A 14-Year Analysis (2012-2025).

Zemour L

### P36. Hospital mortality from lung cancer at the EHU of Oran, 2021-2024.

Zemour L

### P37. Exploring sodium channel targeting to modulate inflammation in a preclinical model of bacterial infection-induced acute lung injury.

Amarni M

### P38. Post-COVID-19 Serological Monitoring in Healthcare Personnel Infected with SARS-CoV-2

Belkhatir A

### P39. Effect of interventional health educational program on clinical improvement in a sample of Egyptian school-age asthmatic children

El Refay A

### P40. Pneumomédiastin révélant une pneumocystose aigue

Hammou R

### P41. Viral pneumonias in hospitalized Egyptian children: correlation with immunologic alteration and clinical outcome

El Refay A

### P42. Maternal Smoking During Pregnancy and Risk of Childhood Asthma: A Literature Review

Mecheri I

3<sup>rd</sup> Floor

**P43. COVID-19 Vaccination of Allergic Healthcare Workers: Experience report from Occupational Health Service**

Cherikh N

**P44. De la confusion diagnostic a la fibrose pulmonaire, la pneumopathie d'hypersensibilité chez l'enfant a propos de deux observations**

Aichaoui M

**P45. Prévalence et caractéristiques de la BPCO au cours du cancer bronchique. À propos de 34 malades**

Kadi A

**P46. Association between asthma and obstructive sleep apnea-hypopnea syndrome (osahs): characteristics in a female case series**

Djebbar A

**P47. Exploring the respiratory quotient: from metabolic measurement to clinical prediction**

Dahmani A

**P48. Conventional esophageal manometry: what performance in the diagnosis of esophageal motor disorders?**

Dahmani A

**P49. Obesity and energy balance: the importance of the respiratory quotient**

Dahmani A

**P50. Clinical phenotypes of Common variable immunodeficiency disorders (CVID) among adult Egyptian patients.**

Said Ragab S

**P51. Spirometric profile of asthmatic patients**

Khakha S

**P52. Radio-clinical and biological profile of acute respiratory infections in an emergency unit**

Khakha S

**P53. Biotherapy in the management of chronic rhino-sinusitis with nasal polyps (crswpn) : how to proceed ?**

Mezaoui H

**P54. Clinical features and therapeutic outcomes of 12 patients with hereditary angioedema : a single center experience of Algiers.**

Guerrouche F

**P55. Cytokine Networks in Chronic Airway Inflammation: Bridging Innate and Adaptive Immunity.**

Touari I

3<sup>rd</sup> Floor

**P56. Episcleritis and anterior uveitis revealing granulomatosis with polyangiitis.**

Guettaf I

**P57. Profil clinique, biologique et évolutif du syndrome hyper-IgE chez l'enfant : étude rétrospective de 35 cas.**

Mechali A

**P58. Arterial thrombosis revealing an antiphospholipid syndrome and systemic lupus erythematosus in an 11-year-old girl.**

Titri H. I

**P59. Immunodeficiencies in children.**

Taouriret M

**P60. Correlation between gastric autoantibodies and vitamin B12 deficiency.**

Abi N

## 3<sup>rd</sup> Floor

**Scientific committee :** Chartouh Mohamed, Ifri Moamhed Amine, Khaloui Yacine, Boudjella Lotfi, Bouab Haroune, Boucena Hamza

**Session 12-12-2025**

**P61. Epidermolyticus verruciformis-like dermatosis revealing a novel CARMIL2 gene mutation.**

Baiti A

**P62. Pembrolizumab-Induced Bullous Pemphigoid: First Case Report from Algeria.**

Baiti A

**P63. A Spectrum of Neutrophilic Dermatoses Revealing an IgA Multiple Myeloma**

Baiti A

**P64. Autoantibody Profile in Primary Biliary Cholangitis: A Serological Study of 73 Algerian Patients.**

Hamdi A

**P65. Acquired immunodeficiency and opportunistic infections in adults: Three cases of pneumocystosis.**

Lalami F. Z

**P66. Screening for celiac disease in children with type 1 diabetes : when to consider it and what to do ?**

Belghazi M

**P67. Susac syndrome in a young girl: a case report.**

Djebari S

**P68. Digestive pathologies with an Immune Component and associated Autoimmune Diseases in Adults: An Epidemiological Study.**

Elmehadji D

**P69. Overlap between anti-MPO ANCA-associated vasculitis and respiratory polysensitization: a case report.**

Maroua S

**P70. Thoracic angio-Behcet: (about a case).**

Belghitri A

**P71. Psoriasis: a breeding ground for food and respiratory allergies? About three cases.**

Badsi O

**P72. Prevalence of Comorbidities among Female Asthmatic Patients in Constantine, Algeria**

Belala R

**P73. PTPN22 gene polymorphism as prognostic marker in the comorbidity of Type 1 diabetes and autoimmune diseases**

Mesbah-Amroun H

## 3<sup>rd</sup> Floor

**P74. Influence of Educational Level on Asthma Control: A Cross-Sectional Study of 225 Adult Patients in Constantine, Algeria**

Belala R

**P75. Allergic Bronchopulmonary Aspergillosis in an Asthmatic Patient**

Salem A

**P76. Pembrolizumab (Keytruda®): Gradation and Management of Immune-Mediated Side**
