Workshops

✧ Room 310 ✧

Chairs : Abousaif Alsharif, Mohideen Ghriani

09h00
12h00

✧ **Inborn Errors of Immunity : clinical cases**
Nermeen Muftah Galal (Egypt), Maryam Zuhair al Mousawi (Iraq)
Brahim Belaid (Algeria)

✧ Room 311 ✧

Chairs : Hassen Almusrati, Marey Salem

09h00
12h00

✧ **Allergic diseases latest diagnostic and therapeutic updates**
Mohamed Eletrebi, Ghada Shousha (Egypt), Ahmed Elboussifi (Libya)
Ali Belkheir (Libya)

✧ Room 312 ✧

Chairs : Saeid Almaqrahi, Suaad Elhafi

09h00
12h00

✧ **Real life experience regarding penicillin allergy and Anaphylaxis** 90 min
Manar Farouk, Lobna El korashy (Egypt)

✧ **Food allergy in children: opinion of the pediatrician and the immunologist** 90 min
Samar Samoud, Imen Zamali, Jihene Bouguila (Tunisia)

✧ Room 313 ✧

Chairs : Jebril Elabidi, Sharif Waer

09h00
12h00

✧ **Art of inhaler therapy in asthma** 90 min
Hala Gouda Elnady (Egypt)

✧ **The use of autologous plasma and Autologus Blood In Treatment of Chronic Urticaria** 90 min
Harb Alharfi (Saudi Arabia), Fadel Al Sabbagh (Bahrein)

✧ Room 314 ✧

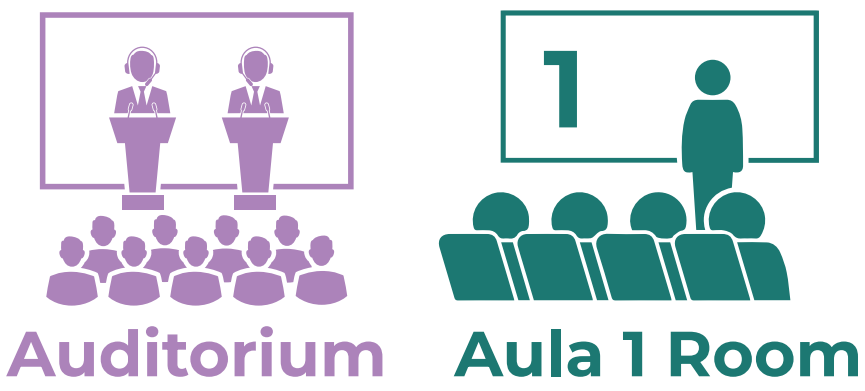

09h00
11h30

✧ **Basic Immunology Course : understanding the pathophysiology of allergic diseases.**
LM Berkani (Algeria)

Symposium LAPROPHARM

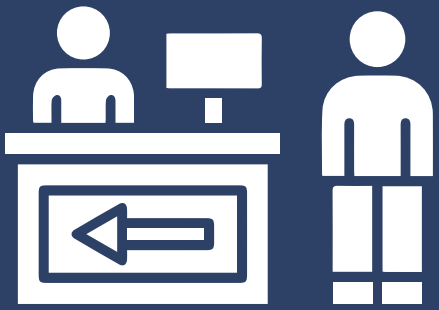

Transforming Allergy Care through Innovative and Efficient Testing Solution
Milica Mijatovic, Ahmed Ismaeil, Mohamed Elbarbary

11h30
12h00

13h00

14h00

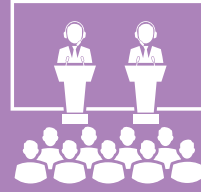

Welcome and registration

14h00

15h30

Session 1 (A): Arab experiences in Asthma

Chairs : Rachida Khelafi, Ahmed El Bousify, Mohamed Eletreby

- Management of chronic childhood asthma 2025: what's new

Nadjet Elghezal

Libya

Biologic treatments in asthma: changing the paradigm of care

Kara Bentata

Algeria

Holistic care plan for asthmatic child: the Egyptian Experience

Hala Elnady

Egypt

Digital health literacy and misinformation beliefs among caregivers of asthmatic children in Palestine : a cross sectional study from urban, rural and refugee settings

Anssar Abadi

Palestine

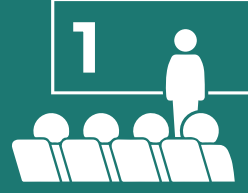

Discussion

10 min

14h00

15h30

Session 1 (B): Inborn errors of immunity: What is new in 2025

Chairs : Kamel Djanouhat, Aisha Elmarsafy, Ali Salih Baay

- The interplay of genetic and functional studies in the diagnosis of patients with inborn errors of immunity

Michel Masaad

Lebanon

Why phagocytes fail: clinical lessons from Chronic Granulomatous Disease

Nermeen Muftah Galal

Egypt

The grey zones in CVID [RECORDED]

Rand K Arnaout

KSA

Innovations in hereditary angioedema therapeutic strategies

Ghada Shousha

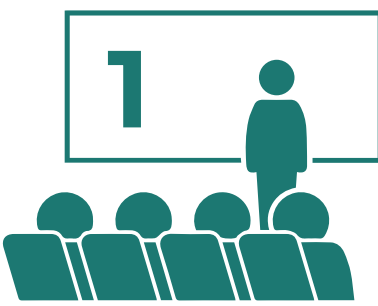

Egypt

Discussion

10 min

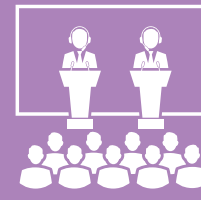

Auditorium

Aula 1 Room

15h30
17h00

Session 2 (A): Arab experiences in allergic diseases

Chairs : Reda Belbouab, Samar Samoud, Anssar Abadi

✦ **Ant Allergy: Pachycondyla Sennarensis (Samsun): An endemic Health problem in the Arabian Peninsula population**

Harb Alharfi _____ KSA

✦ **Prevalence of Allergic diseases in west region of Libya**

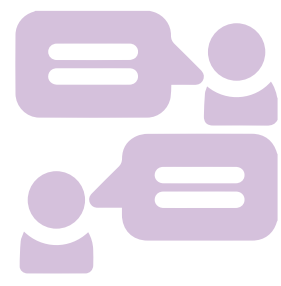

Ahmed Elboussifi _____ Libya

✦ **Epidemiology and clinical characteristics of food Allergy in Algeria: an emerging public health concern**

Lynda Sekfali _____ Algeria

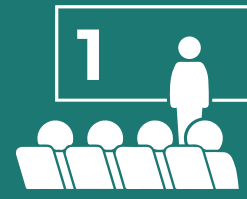

✦ **A Molecular View of Allergen Sensitization in an Algerian Cohort**

Lydia Lamara Mahammed _____ Algeria

✦ **Discussion**  10 min

15h30
17h00

Session 2 (B): Hot Topics in Immunology

Chairs : Yanis Meddour, Michel Masaad, Ghada Shousha

✦ **IEI patients can have multiple hits: Experience from Egypt**

Aisha Elmarsafy _____ Egypt

✦ **Bridging gaps in immunodeficiency diagnostics: the Libyan flow cytometry experience**

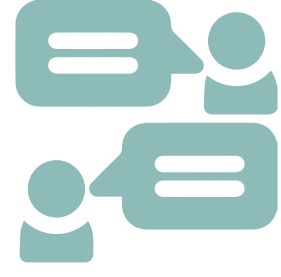

Rashad Babiker _____ Libya

✦ **Immune dysregulation in IEI: from recognition to intervention**

Sheren Esam _____ Egypt

✦ **A journey of a teenager with PID**

Ali Saleh _____ Iraq

✦ **Discussion**  10 min

17h00
17h30

Coffee Break

Session 3: Plenary session

Mário Morais-Almeida _____ **President of the World Allergy Organization**

Reda Djidjik _____ Algeria

Ahmed Elboussifi _____ **Libya**

Ashraf Abdel Baky _____ **Egypt**

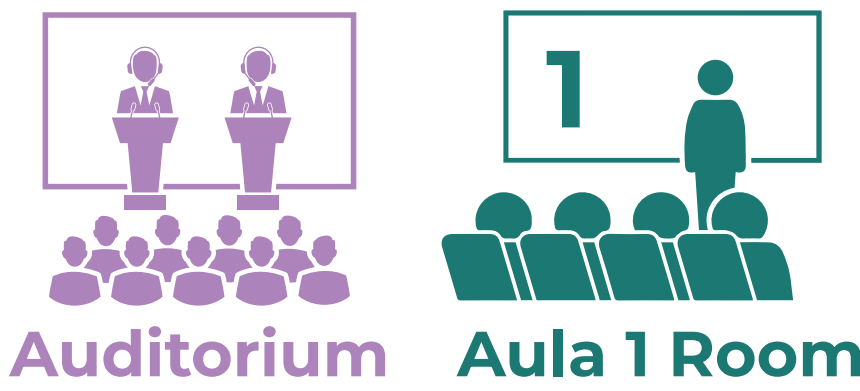

Opening Ceremony

- **President pf the AAACI and ArAAAI**
- **Rector of the University of Health Sciences**
- **Key members of the organizing committee**
- **President of the World Allergy Organization**
- **Head of the National Health Safety Agency**
- **Mr Minister of Health**
- **Mr Prime Minister**

Gala Dinner

08h00
09h30

Session 1 (A): Advances in food allergy

Chairs : Nafissa Kaltoum Benhalla, Nader Faseih, Carla Irani

- *

Recent advances in the immunology of allergic disorders

Jamil Al-Mughales

KSA
- *

Decoding Food Allergy: A Molecular Diagnostic Approach

Lobna el korash

Egypt
- *

Cow milk protein allergy ESPHGAN 2024

Ali Belkheir

Libya
- *

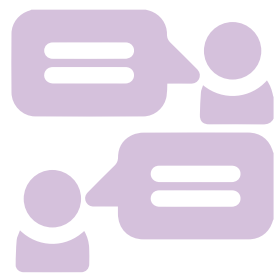

Breastfeeding and Allergy Prevention: Understanding the Protective Role

Abdel Lateef Menina

Libya

Discussion

10
min

08h00
09h30

Session 1 (B): Spotlights on asthma advances

Chairs : Amel Rachida Bellal, Fadhel Saleh, Hala Elnady

- *

Asthma diagnosis below 5 years

Zaher Ewadh

Iraq
- *

Personalized medicine in pediatric severe asthma

Ashraf Abdel Baki

Egypt
- *

Asthma overdiagnosis

Sherif El Hassi

Libya
- *

Artificial Intelligence in Respiratory Allergies: From Prediction to Personalized Care

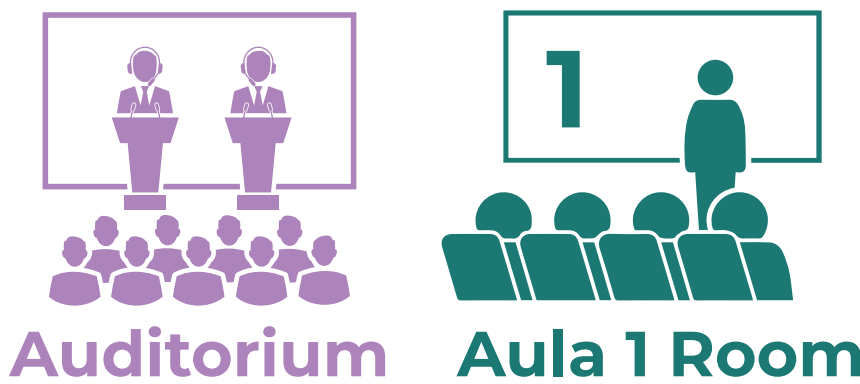

Feriel Chaouki

Algeria

Discussion

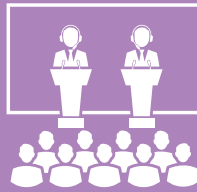

10
min

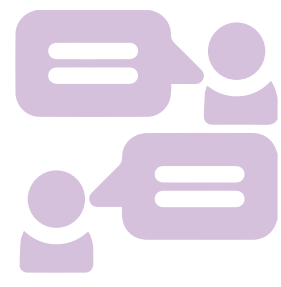

09h30
11h00

Session 2 (A): Type 2 inflammation

Chairs : Khereddine Ouenoughi, Mohammad Alnubani, Zaher Alewadh

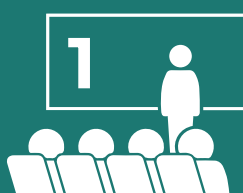

-  **Allergic Bronchopulmonary aspergillosis**
Nader Faseih _____ Egypt
-  **Eosinophilic esophagitis and biological treatment**
Eiman Al- Selahi _____ Kuwait
-  **Better understanding of atopic dermatitis and recent therapeutic approach**
Ghada Shousha _____ Egypt
-  **Management of CRSWNP diseases**
Amir Rahal _____ Syria

 **Discussion** 

10 min

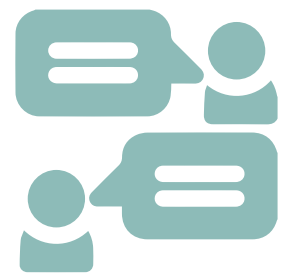

09h30
11h00

Session 2 (B): Dermato-allergy

Chairs : Samira Zobiri, Ashraf Abdelbaky, Eby El Khou

-  **Mastocytosis: beyond allergies- A spectrum of mast cell disorders**
Rasha Youssef _____ Egypt
-  **Mastocytosis diagnosis and therapeutic approaches**
Manar Farouk _____ Egypt
-  **Advances in Chronic Spontaneous Urticaria: Targeting Mast Cells**
Linda Taibi _____ Algeria
-  **Contact dermatitis and emerging allergens - New preservatives, fragrances, and materials causing allergic contact dermatitis**
Heba Adly Abdelrazek _____ Egypt

 **Discussion** 

10 min

11h00
11h30

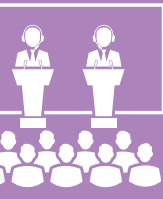

Coffee Break

Auditorium

11h30
13h00

Session 3: Autoinflammatory disorders

Chairs : Samir Sofiane Salah, Maryam Zuhair Almusawi, Soumaya Ben Saad

JAK inhibitors in the treatment of interferopathies: case studies [RECORDED]

Abdellah Al Angari _____ KSA

Diagnostic immunology strategies in the diagnosis and management of autoimmune disorders

Jamil Al-Mughales _____ KSA

Autoinflammation in Systemic Disorders

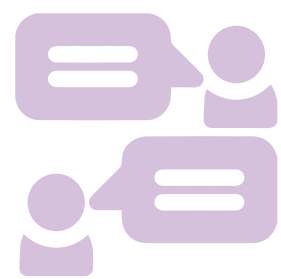

Ashraf Abdel Baki _____ Egypt

Autoimmunity in 2025 : recent advances and emerging insights in Immunology

Ines Allam _____ Algeria

Discussion

10
min

13h00
14h30

Prayer and Lunch

14h30
16h00

Session 4: Updates in Asthma management

Chairs : Amir Rahal, Hani Ababneth, Agnes Hamzaoui

Aerosol therapy in pediatrics [RECORDED]

Jihen Bouguila _____ Tunisia

Monoclonal antibody in treatment of asthma, an immunological overview of the new GINA guidelines

Mohammed Ali Salman _____ Iraq

Biologic Therapies in Pediatric Allergy and Immunology: Current Role and Future Directions

Faiaz Haleis _____ Libya

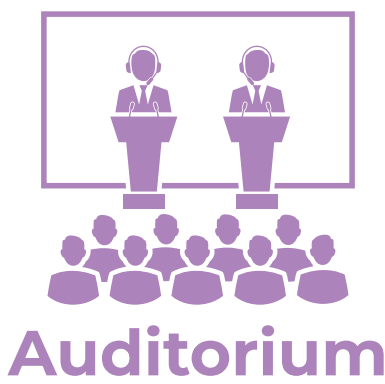

Immunotherapy: State-of-the-art review of therapies and theratypes

Mohamed Eletrebi _____ Egypt

Discussion

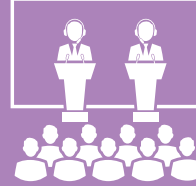

10
min

16h00
17h30

Session 5: Hot topics in Allergy

Chairs : Reda Malek Hamidi, Jamil El-Mughalles, Ali Belkhair

✱

Climate Change and Its Impact on Allergic Disorders in the Middle East
Carla Irani

Lebanon

✱

Autohemotherapy in allergy and autoimmunity
Ali Mansoor Al Ameri

Iraq

✱

Libyan boy presented with Multiple Drugs Allergy How to Approach?
Ahmed Elbousify

Libya

✱

Penicillin de-labelling initiative: impact on health care and lessons learned [RECORDED]
Maryam ALMansouri

Qatar

✱

Discussion
10 min

17h30

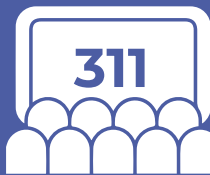

General assembly

Oral presentations

08h00
09h30

Session 1: Practical insights and experience sharing in Asthma Care

Chairs : Dalila Mekideche, Ahmed Kadi, Hocine Mahbess Alhassnawi

- Plasticizers (phthalate and bisphenol) exposure and Bronchial asthma in Egyptian children: Is it an immunological effect?**
El Refay A. S
- Interleukin-6 in asthma-obesity: link between systemic inflammation and disease control**
Chibout N
- Study of quality of life in adult asthmatics in the district of Constantine**
Belala R
- Hematological profile of severe asthma: A case study of patients followed at the pneumophtisiology department of the university hospital center of Tizi-Ouzou, Algeria**
Ramdane cherif M
- Biomarkers, Biotherapies, and Phenotyping: Toward an Integrated Approach to Severe Asthma**
Ouardi A
- Immunopathological Crosstalk Between Asthma, Tuberculosis, and Coagulation Disorders: A Unified Mechanistic Perspective**
Cherifi F
- Asthma and Allergy: Insights from International Meta-Analyses on Comorbidity, Risk Factors, and Therapeutic Approaches**
Siga H. M. I
- AI-Based Assessment of the Allergenicity of Traditional and Modern Recipes According to WHO/FAO Criteria and Antioxidant Potential**
Lahiani S

Discussion

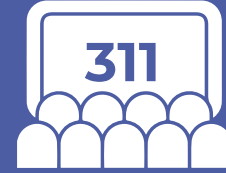

10 min

Room 311

09h30
11h00

Session 2: Clinical experience and practical approaches in Allergy

Chairs : Warda Drali, Samia Khakha, Mohammed Salih Alkurdi

- ✦ **Allergic profile of young asthmatic**
Manaa A
- ✦ **Linking Immunogenetics to Clinical Outcomes: Persistence and Severity of Pediatric Allergic Reactions**
Naci D
- ✦ **Hellfish Allergies in Culinary Apprentices: Impact on Professional Integration**
Cherikh N
- ✦ **Occupational allergic rhinitis: Cross-sectional study among workers at a cement plant in western Algeria**
Sedjelmaci N
- ✦ **Relationship between Vitamin B12 Levels and Respiratory Allergic Diseases**
Bensaci A
- ✦ **Cross-sensitization between mites and crustaceans: the role of tropomyosin as a pan-allergen**
Boussaha H
- ✦ **Allergen Immunotherapy In Children With Respiratory Allergies**
Lamrani F

✦ **Discussion**

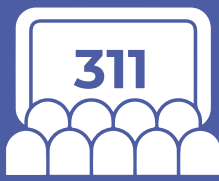

10

min

11h30
13h00

Session 3: Autoimmune diseases : practical approaches and new
advances

Chairs : Djamila Si Ahmed, Abdenmour Boukabous, Foolath Shahir Alshawi

- ★ **Assessment of the serum level of anti-tissue transglutaminase antibodies and the HLA-DQ2 gene in Iraqi children with type 1 diabetes mellitus**
Al Kabe M.A
- ★ **Connective tissue disease associated interstitial lung disease what is new in 2025**
Benmostefa N
- ★ **Juvénile idiopathic Arthritis (JIA), a state of knowledge and future perspectives: A rétrospective Study**
Rahou M
- ★ **Phenotypic characterisation of lupus flares: role of biomarkers**
Dahak A
- ★ **Evaluation of MDA, catalase activity and total proteins in the saliva of type 2 diabetic patients**
Senouci S
- ★ **Thyroid Autoimmunity and Iodine Intake in a Coastal City of Algeria**
Benabadji N
- ★ **Update on lupus nephritis treatment**
Akazzi H

★ **Discussion**

10 min

Room 311

14h30
16h00

Session 4: IEI and autoimmunity : practical highlights

Chairs : Khadija Belanteur, Awad Ben Dardaf, Zuhair Mahdi Almusawi

Journey of teenager with PID

Baay A.S

Chronic Granulomatous Disease in Children: A Single-Center Experience and Updated Literature Overview

Mohand-Oussaid A

Glomerulonephritis presenting inborn error of immunity: case report

Hassan A. H

Eosinophilic Granulomatosis with Polyangiitis (EGPA): Current and Emerging Therapeutic Approaches

Arab M

Clinico-Microbiological Profile by PCR of Acute Respiratory Infections in Children at the Pediatric Department of Setif University Hospital

Belghazi M

Unclassical case presentation; Good Pasture syndrome

Abu elenein S

Association of interferon signature's regulatory factor (IRF5) polymorphism and systemic lupus erythematosus in the population of western Algeria

Ait silarbi N

Clinicobiological and immunological characteristics of monoclonal gammopathies associated with autoimmune diseases: A 10-Year experience from CHU Beni Messous

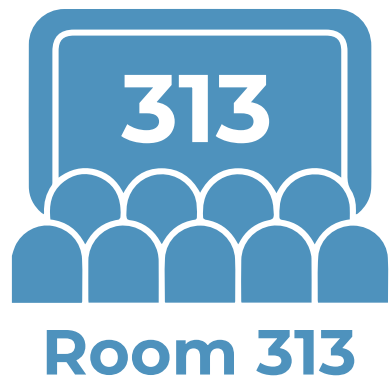

Belala M

Discussion

10
min

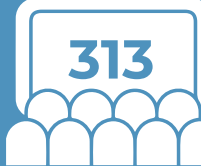

Francophone program

Room 313

08h00
09h30

Session 1: La Psychologie en Allergo-Immunologie

Modérateurs : Cherkaski Hamid, Keriou Faiza, Oussedik Fouzia

* **Qu'est-ce que la psycho-allergologie ?**
Habib Chabane _____ Anglet

* **Retentissement psychologique de l'allergie alimentaire chez l'enfant**
Tamazoust Guiddir _____ Paris

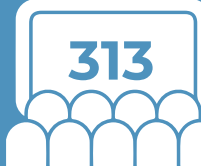

* **Passer à l'ACT pour mieux vivre avec son allergie**
Farid Marmouz _____ Paris

* **Neuropsychology and immunology at a crossroads : psychotic encephalitis or autoimmune psychoses.**
M I Kediha _____ Alger

* **Discussion** 10 min

09h30
11h00

Session 2: Actualités en Allergologie

Modérateurs : Benyounes Abdenmour, Chabati Omar, Ouardi Aissa

* **ITO à l'arachide : où en sommes-nous en 2025 ?**
Tamazoust Guiddir _____ Paris

* **Fausse allergies au poisson**
Habib Chabane _____ Anglet

* **Hypersensibilité aux anesthésiques locaux : diagnostic et prise en charge**
Djamila Ouali _____ Alger

* **Régimes sans gluten : les croyances sont-elles justifiées ?**
Farid Marmouz _____ Paris

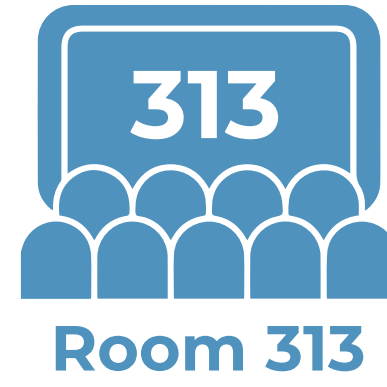

* **Discussion** 10 min

11h00
11h30

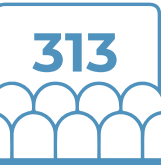

Coffee Break

Francophone program

11h30
13h00

Session 3: Actualités sur les Maladies auto immunes

Modérateurs : Bouali Faycel, Meriche Hacene, Oulakrouz Sihem

Rhupus, au delà du chevauchement : une entité clinique à redéfinir

Bengana Bilal

Alger

Thérapie cellulaire CART cell dans le traitement des maladies auto-immunes

Meddour Yanis

Oran

Lupus erythemateux systémique chez l'enfant : Actualités thérapeutiques

Gacem Ourida

Alger

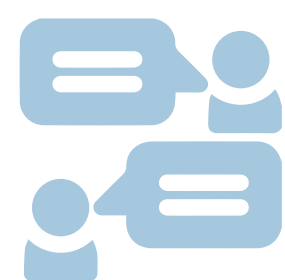

De l'apport iodé à la rupture de tolérance immunitaire : le cas de la thyroïdite auto-immune

Benzian Z

Oran

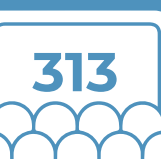

Discussion

10 min

14h30
16h00

Session 4: Inflammation type 2 sévère : interaction PNS(CRSwNP) et asthme

Modérateurs : Boudjenah Farid, Ali Halassa Sofiane, Lalami Fatma Zohra

Profil clinique et biologique du patient algérien atteint d'une PNS

SS. Kalafate

Blida

Asthme sévère : comorbidités

M Oulad kouider

Blida

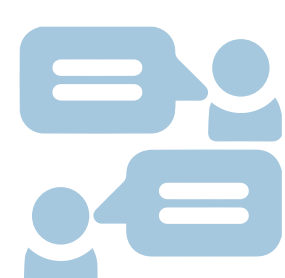

Optimisation de la thérapie d'une PNS et asthme sévère

K. Ouennoughi

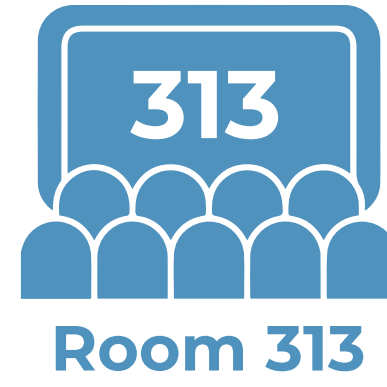

Blida

Discussion

10 min

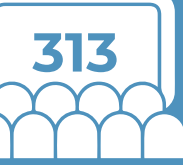

Francophone program

16h00
17h30

Session 5: Actualités sur l' Asthme

Modérateurs : Maouche Elhachemi, Khiriouene Assia, Kheloui Yacine

Asthme chez l'enfant de moins de 5 ans : Prise en charge en 2025

Houbi K _____ Alger

Asthme sévère chez l'enfant : de l'identification au traitement ciblé

Dehimi A, Belghazi M, Bioud B _____ Setif

Réversibilité bronchique, biomarqueurs et tests de provocation : quelle place dans le diagnostic de l'asthme ?

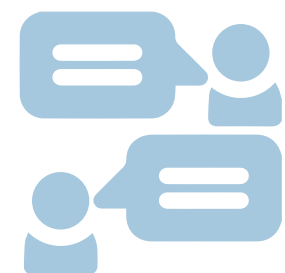

Bougrida M, Martani M, Benzouid B, Bourahli MK _____ Constantine

EFR et asthme : au delà de l'obstruction bronchique la distension pulmonaire est elle un marqueur de sévérité ?

Bourahli MK, Martani M, Benzouid B, Bougrida M _____ Constantine

Discussion

10 min

Francophone program Ateliers

✧ Room 310 ✧

08h00
09h30

- ✧ **Place de la Pléthysmographie dans l'asthme**
Martani Mahdi, Bourahli Mohamed K

09h30
11h00

- ✧ **Erreurs innées de l'immunité décodées par cytométrie en flux**
Brahim Belaid

✧ Room 312 ✧

09h30
11h00

- ✧ **De la pratique à la revue : les secrets d'une publication réussie**
Lamara Mahammed Lydia

✧ Room 310 ✧

11h30
13h00

- ✧ **Conduite à tenir au laboratoire devant une suspicion d'Allergie**
Hadia Boussaha

✧ Room 312 ✧

11h30
13h00

- ✧ **Modalités de déclaration et de reconnaissance des affections allergiques d'origine professionnelle : Approche pratique**
Fraga Seid

✧ Room 310 ✧

14h30
16h00

- ✧ **Lecture et interprétation des auto anticorps anti nucléaires par IFI**
Hadjout Tamazouzt

✧ Room 312 ✧

14h30
16h00

- ✧ **Vaccination et maladies respiratoires**
Ahmed Kadi, Assia Kheliouen

Francophone program Ateliers

✧ Room 310 ✧

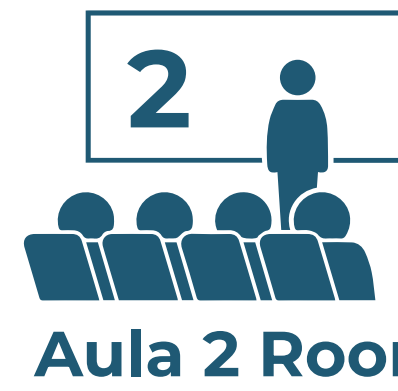

16h00
17h30

✧ **Portraits cliniques d'une pathologie méconnue : l'angioedème héréditaire pédiatriques**
Drali Ouardia

✧ Room 312 ✧

16h00
17h30

✧ **Démarche et outils diagnostiques devant une allergie alimentaire chez l'enfant**
Nabila Dahmane, Fella Lamrani

Aula 2 Room

Symposium

09h00
09h30

Symposium SADID

Pertinence de la recherche des auto-anticorps dans le diabète
Sofiane Salah

09h30
10h00

Symposium ASTRA

Nouvelles perspectives dans la prise en charge de la BPCO
Khelafi Rachida

10h00
10h30

Symposium BIOINTERACTION

Tendances Futures en Allergologie et Immunologie : Nouvelle Solution Innovante pour Optimiser et Faciliter le Diagnostic In Vitro des Maladies Auto-Immunes et Allergiques
Yang Ying

10h30
11h00

Symposium AMD

Existe-t-il une alternative au test AAN HEp-2 par immunofluorescence indirecte dans le diagnostic des connectivites ?
Hadjout Tamazouzt

11h30
12h00

Symposium SANOFI

L'âge fragilise, la vaccination protège : une vision moderne de l'immunité du senior
Djidjik Reda

12h00
12h30

Symposium IMD

The role of the ALEX Allergy Microarray in allergy diagnostics
(Conférence enregistrée)
Peter Forstenlechner

12h30
13h00

Symposium Biogenal Pharma

BPCO et Eosinophilie : quelle relation ?
Ahmed Kadi

14h30
15h00

Symposium SADID

Les biomarqueurs dans le sepsis : un luxe ou une nécessité
Reda Malek Hamidi

15h00
15h30

Symposium SANOFI

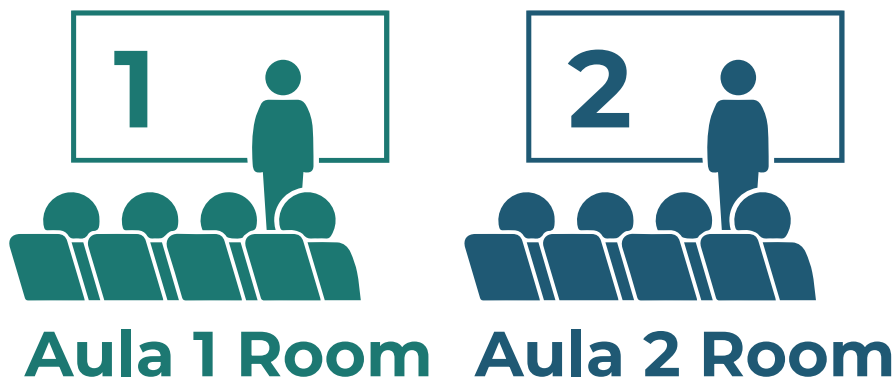

Rôle du Dupilumab dans la prise en charge de l'asthme sévère
Mekideche Dalila

15h30
16h00

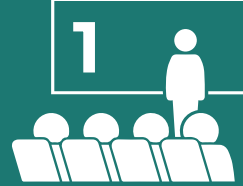

Symposium IMC

Séquençage à haut débit (NGS) appliqué aux déficits immunitaires primitifs: lecture des variants et impact clinique et thérapeutique
Brahim Belaid

08h00
09h30

Session 1 (A): Drug Allergy

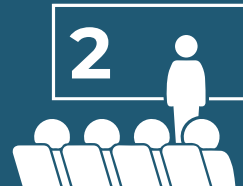

Chairs : Morad Ouali, Haleis Faiaz, Abdullatif Amneenah

- Diagnostic tools of drug allergy**
Soumaya Ben Saad _____ Tunisia
- Cutaneous adverse drug reactions: a clinical overview**
Samira Zobiri _____ Algeria
- NSAIDs hypersensitivity: advances in diagnosis and management**
Manar Farouk _____ Egypt
- Rethinking Drug Allergy: The Concept of Treating Through**
Lobna el korashi _____ Egypt
- Discussion

10 min

08h00
09h30

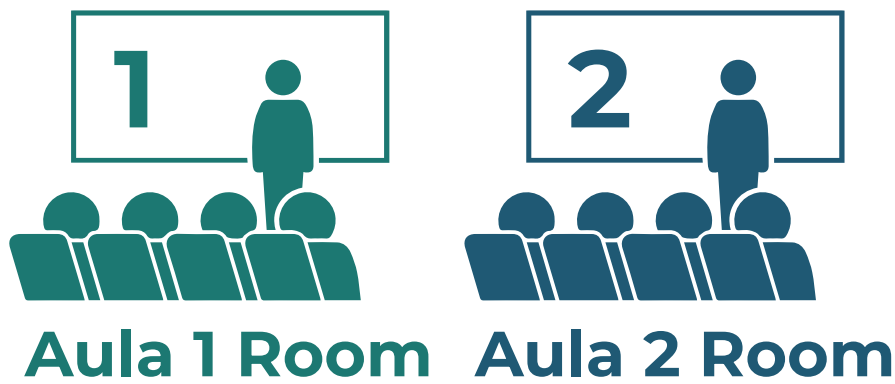

Session 1 (B): Regional perspectives and innovations in Asthma
and Allergy management

Chairs : Ferial Chaouki, Ali Mansoor Alameri, Elghazal Nagat

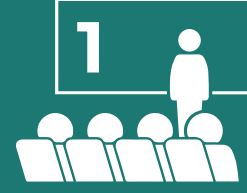

- Management of childhood Asthma : Tunisian Recommendations 2025**
Agnes Hamzaoui _____ Tunisia
- Biology in the diagnosis, prognosis, and management of allergic diseases: insights
from the Tunisian model**
Samar Samoud _____ Tunisia
- Tirzepatide hypersensitivity: A Case Series and Proposed Algorithmic Approach
[RECORDED]**
Salma Alkhammash _____ KSA
- Chronic urticaria [RECORDED]**
Loay Qurnful _____ KSA
- Discussion

10 min

09h30
11h00

Session 2 (A): Arab Experiences in inborn errors of immunity

Chairs : Leila Smati, Rashad Ahmed, Rasha Youssef

- *

Genetics of IEIs in the Middle East and North Africa [RECORDED]

Hamoud Al Mousa

KSA
- *

Severe Combined Immunodeficiencies Caused by V(D)J Recombination Defects: Insights from the Algerian Experience

Brahim Belaid

Algeria
- *

Inborn errors of immunity with kidney and urinary disorders

Ahmed Hussein Hassan

Egypt
- *

Monogenic Autoinflammatory diseases apart from Familial Mediterranean fever: single center experience in Jordan

Mohammed Alnoubani

Jordan
- *

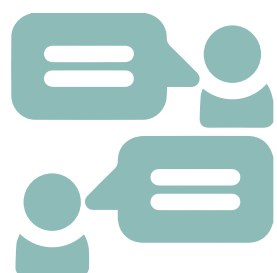

Adult onset IEI: The Egyptian Experience

Rasha Youssef

Egypt

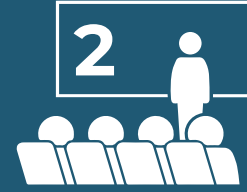

Discussion

10 min

09h30
11h00

Session 2 (B): Insights in inborn errors of immunity

Chairs : Narmeen Galal, Shirein Esam, Amnna Rayani

- *

Primary atopic disorders

Lylia Meriem Berkani

Algeria
- *

Hematopoietic stem cell transplantation: experience from Egyptian children with inborn errors of immunity [RECORDED]

Sohila Lotfy

Egypt
- *

Treatment dilemmas in Carmil2 defeciciency: a case series of four patients [RECORDED]

Adeeb Nacereddin

Palestine
- *

Molecular and Cellular Pathways Underlying Overlapping Phenotypes in Inborn Errors of Immunity

Najla Mekki

Tunisia

Discussion

10 min

11h00
11h30

Coffee Break

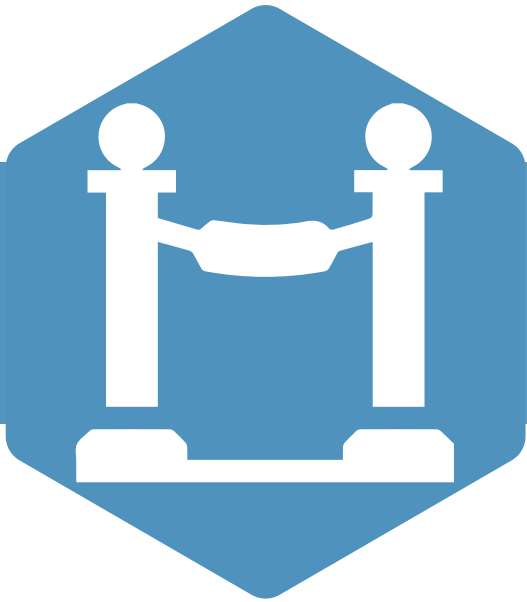

Posters rewards

Artistic performance awards

12h00

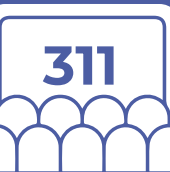

Closing ceremony

Oral presentations

08h00
09h30

Session 1 : Lung disorders : insights and advances

Chairs : Ahmed Bougrida, Mertani Mahdi, Bourahli Mohamed

Respiratory diseases and hypereosinophilia: what's the relationship and what are the consequences

Aissani S

Diagnosis and therapeutic management of bronchial cancer: experience of the Matiben department, Algiers

Kadi A

KL-6: A Promising Biomarker in Interstitial Lung Diseases – Clinical Implications and Immunopathological Insights

Bouzid L

Chronic thromboembolic pulmonary hypertension in antiphospholipid syndrome : a complication that should not be underestimated

Djami N

Distinguishing Cross-Reactions from True Polysensitizations Using the ALEX Biochip: A Study of 55 Algerian Patients and 5 Clinical Cases

Gherbi K

Impact of vaccination on intensive care admission and hospital mortality in patients hospitalised for COVID-19 over a 16-month period (2021-2022): application of the JIApropensity score

Boumaraf K

Genetic Contribution of the IL-4 Promoter Polymorphism (-590 C/T) to Allergic Asthma Susceptibility in an Eastern Algerian Population

Dahmani D I

Discussion

10 min

09h30
11h00

Session 2: Managing Autoimmune and autoinflammatory disorders

Chairs : Malika Benhalima, Sabiha Gadiri, Youcef Bouali Youcef

The Role of the optimal Vitamin A: Vitamin D ratio in neuroinflammation and neurodevelopmental disorders

Bouamama S

Myelin Oligodendrocyte Glycoprotein Antibody-Associated Disease (MOGAD): Study of Intrathecal Synthesis, Immunoclinical Profiles, and Antibody Negativation Dynamics

Mesbahi Y

Auto-immune Hepatitis in children: Clinical and immunological profiles

Benalioua H, Belbouab R

When Hepatitis A Unmasks Autoimmunity: A Rare Case of Pediatric AIH-2 with Anti-LC1 Hepatitis A as a Trigger of Anti-LC1 Autoimmune Hepatitis Type 2 in a Child with Polyautoimmunity

Zeghichi C

Comparative Performance of CONUT, McClave, HALP, and GLIM Scores for Nutritional Assessment in Patients with Inflammatory Bowel Disease

Fissah M

Comparison of Immunofluorometric and Enzyme-Linked Immunosorbent Assay (ELISA) Techniques for Measuring Fecal Calprotectin

Alliouch-kerboua A

Multiple myeloma : diagnostic, biological and prognosis features

Rouaghi H

Autoimmune myosites through the lens of autoantibodies: an illustrated study from an Algerian cohort

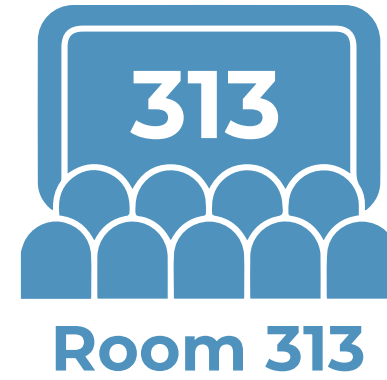

Bouslimani K

Discussion

10
min

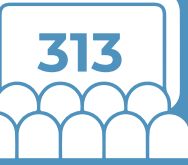

Francophone program

08h00
09h30

Session 1: Peau et Allergies

Modérateurs : Attal Nabila, Samia Chaib, Benyahia Amel

Dermatite atopique et marche atopique: Données actuelles

Zobiri S _____ Alger

Eczema de contact: Quand penser au diagnostic et comment agir?

Takheroubt S _____ Alger

Aspects immunologiques de la Dermatite atopique

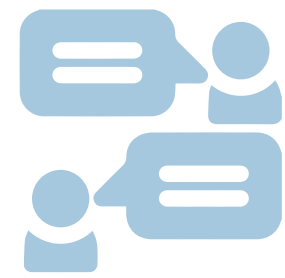

Gadiri S _____ Annaba

Dermatite atopique: clés pratiques pour une meilleure prise en charge

Takheroubt S _____ Alger

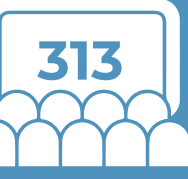

Discussion

10 min

09h30
11h00

Session 2: Actualités en Immunologie clinique

Modérateurs : Attal Nabila, Samia Chaib, Benyahia Amel

Biomarqueurs de nouvelles générations dans les maladies auto immunes et les maladies auto inflammatoires

Benkaci Yacine _____ Bruxelles

Angioedème Héréditaire Pédiatrique : défis, innovations et leçons d'une cohorte en vie réelle

Drali Ouardia _____ Oran

Immunologie de l'envenimation scorpionique

Kerboua Kheireddine _____ Blida

Evaluation immuno inflammatoires des patients atteints de psychoses

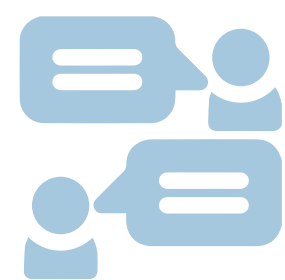

Boudjella Mohamed Lotfi _____ Blida

Syndrome néphrotique idiopathique : nouvelle ère thérapeutique

Debchi Iamis _____ Alger

Discussion
